- 5.7 Foreign corporations transacting business in the State of Indiana shall comply with the requirements established by I.C. 23-1-49.

6. POST-BID REQUIREMENTS

Within three (3) business days of notification by Owner, the apparent lowest responsive Bidder will be required to submit additional documents and satisfy additional requirements as conditions to such Bidder being found by the Owner to be a responsible Bidder, as follows:

- 6.1 Affirmative Action Plan. The Bidder shall provide its Affirmative Action Plan and a properly completed and executed "City of Indianapolis - EQUAL OPPORTUNITY COMPLIANCE" for approval by the City Department of Minority & Women Business Development (DMWBD). If a Bidder has fifteen (15) or fewer employees he shall submit an Affirmative Action Policy statement. Otherwise, he shall submit the Indiana Plan/Affirmative Action Certification. A Bidder must submit these items unless they have previously been submitted, accepted and found to be satisfactory by DMWBD during the current calendar year (year of bid opening). If the Bidder has received a letter of compliance from DMWBD for the current calendar year, he/she should submit a copy of such letter.
- 6.1.1 Minimum Minority and Female Workforce Utilization Goals. The goals and timetables for minority and female participation, expressed in percentage terms for the Bidder's aggregate work force in each trade on all construction work in the covered area, are as follows:

Goals for female participation in each trade: 6.9%

Goals for minority participation in each trade: 12.5%

These goals are applicable to all the Bidder's work (whether or not it is Federal or federally assisted) performed in the covered area. If the Bidder performs work in a geographical area located outside of the geographical area where the work is actually to be performed, the Bidder also is subject to the goals for both its Federally involved and non-federally involved construction in that area.

The Bidder's compliance with this provision shall be based on its implementation of an affirmative action plan and its efforts to meet the goals set forth in this paragraph. The hours of minority and female employment and training shall be substantially uniform throughout the length of the contract, and in each trade, and the Bidder shall make a good faith effort to employ minorities and

women evenly on each of its projects. The transfer of minority or female employees or trainees from contractor to contractor or from project to project, for the sole purpose of meeting the Bidder's goals, shall be a violation of the contract. Compliance with the goals will be measured against the total work hours performed.

- 6.2 Proof of Insurability. Contractor shall, as a condition precedent to this Agreement, purchase and thereafter maintain property damage insurance coverage in the minimum amounts of Seven Hundred Thousand Dollars (\$700,000.00) per occurrence and \$5,000,000.00 aggregate. Contractor shall, as a condition precedent to this Agreement, purchase and thereafter maintain public liability insurance for bodily injury insurance coverage in the minimum amounts of Seven Hundred Thousand Dollars (\$700,000.00) per occurrence and Five Million Dollars (\$5,000,000.00) aggregate. Furthermore Contractor shall provide workers' compensation insurance as required by Indiana law. Public liability and workers' compensation insurance policies shall be on file with the City's Division of Compliance. Contractor shall also furnish the City with at least thirty (30) days written notice of any and all cancellation or change in the terms of such policies. The Bidder shall furnish proof of insurance showing existing coverage in accordance with the terms and amounts stated herein. Such proof of insurance shall be issued by a financially responsible insurance company authorized to do business in the State of Indiana.
- 6.3 Surety Letter of Intent. The Bidder shall furnish a written statement or letter from a Surety company licensed to transact such business in the State of Indiana and qualified as a surety under the underwriting limitations on the current list of "Surety Companies Acceptable on Federal Bonds", as published in U.S. Treasury Department Circular No. 570 which assures the Owner that, in the event the Bid is accepted and a Contract is awarded by Owner, said Surety will execute and deliver both a Performance Bond and Payment Bond as required by the Contract Documents.
- 6.4 Joint Venture Agreement. If the Bidder is a joint venture, partnership or other combination of two or more persons or entities, the Bidder shall submit a copy of the joint venture or other agreement by which such joint venture, partnership or other association has been formed, executed by all such participating persons or entities. If the Bid is signed by less than all parties that comprise the Bidder, suitable written evidence of the authority of such signing party to bind all such parties must also be furnished.

7. BID EVALUATION AND AWARD

- 7.1 Award of the Contract will be made to the lowest, responsive and responsible Bidder, where the Bid is reasonable and does not exceed the funds available for the project. The Owner reserves the right to reject all Bids and may waive or allow a Bidder to correct errors, omissions or other irregularities in Bid Documents that are found not to have afforded the Bidder a substantial competitive advantage over other Bidders.
- 7.2 Evaluation of Bids shall be based on conditions at the time of the Bid opening. Bids for structures deleted from the invitation to bid prior to the Bid opening, for structures already demolished, or due to asbestos concerns, shall not be considered in determining the lowest, responsive and responsible Bidder.

- 7.3 The Owner shall have the right to reject any Bid if investigation of the Bidder fails to satisfy the Owner that such Bidder is properly qualified to carry out the obligations and complete the Work. Any or all Bids will be rejected if there is reason to believe that collusion exists among Bidders.
- 7.4 Patent math errors in statements of Bid prices or totals may be corrected by the Owner, in which case the corrected amounts will be used for the purpose of Bid evaluation, comparison and other award considerations. However, the Owner shall not be required to discover or correct any error or omission in a Bid and the Bidder shall assume the risk of and be bound to the consequences of any such error or omission.
- 7.5 The Owner may, at its sole option, award the Contract to a Bidder on a conditional basis to afford the Bidder additional time and opportunity to submit required documents or to fulfill other requirements. In such case, the Owner will furnish to the Bidder a notice of conditional award which will establish (i) the additional conditions to be fulfilled for the award to become effective, and (ii) the time limit within which such conditions shall be satisfied. If the Bidder fails to satisfy the conditions in the manner and within the time specified in such notice, the Owner may declare such Bidder to be non-responsible and award the Contract, conditionally or unconditionally, to another Bidder. Time limitations governing the Owner's award of the Contract shall be extended for such additional period as may be required to effectuate the conditional award procedure set forth in this sub-section, and no Bid may be withdrawn during such period of extension.

8. CONTRACT EXECUTION; SUBMITTALS

- 8.1 Within three (3) business days after the award notice, the successful Bidder shall sign and deliver at least three (3) counterparts of the Agreement, utilizing the form thereof included in the Project Manual and make delivery thereof to the Owner, along with other documents as prescribed by the Contract Documents. After execution and delivery of the Agreement and other required documents, and acceptance thereof by the Owner, the Bid Security furnished by each Bidder will be returned to the respective Bidders upon request.
- 8.2 If the Bidder fails or neglects to execute and deliver the Agreement and other required documents as prescribed by the preceding sub-section, the Bidder shall be deemed to have repudiated the Contract and thereupon the award shall be null and void; and the Bid Security provided by the Bidder shall be forfeited to and retained by the Owner as liquidated damages for such failure of the Bidder to execute the Contract, it being understood and agreed that the character and amount of actual damages sustained by the Owner cannot reliably be ascertained and measured and that the amount of the Bid Security is intended as a reasonable prospective estimate of such actual damages.
- 8.3 Concurrently with the execution and delivery of the Agreement to the Owner, or within such other period as the Owner may prescribe, the successful Bidder (Contractor) shall submit the following as conditions to the Bidder's right to proceed with and receive payment for any Work:
- .1 Proof of all required insurance coverage, a one hundred percent (100%) Performance Bond and a one hundred percent (100%) Payment Bond as prescribed by the General Conditions or other Contract Documents. Such bonds shall be executed utilizing the sample forms included in the Project Manual or alternative forms approved in advance by the Owner. Indemnification clauses between successful Bidder and the Surety shall not be binding upon the Owner;

- .2 Documentation as prescribed by Section 9 of these Instructions To Bidders in respect of MBE/WBE/VBE participation;
- .3 Other post-bid submittals required by the Contract Documents.

9. MBE/WBE/VBE PARTICIPATION REQUIREMENTS

- 9.1 It is the policy of the City of Indianapolis that Minority Business Enterprises (MBEs), Women Business Enterprises (WBEs), and Veteran Business Enterprises (VBEs) shall have the maximum feasible opportunity to participate in the performance of contracts. Consequently, the City, through Sec. 581-101 of the municipal code, has established MBE participation goals of 15%, WBE participation goals of 8%, and VBE participation goals of 3% for its dollars spent on public works, goods, and services.
- 9.2 The Contractor shall include information concerning its MBE, WBE, and VBE utilization for this contract on the attached MBE/WBE/VBE Participation Plan. To receive credit toward the MBE/WBE/VBE goals, all MBE, WBE, and VBE suppliers offered for “direct participation” in a contract (e.g. subcontracting) must be certified by the City’s Department of Minority Business Development (DMBD). Contractors able to offer direct participation in the form of subcontractors must indicate the name of the MBE/WBE/VBE firm(s) with which it will work; the contact name and phone number for the firm(s); the service(s) supplied by the firm(s); and the specific dollar amount from this contract that will be directed toward each firm. The evaluation and review of a Contractor’s MBE/WBE/VBE participation, including a review of documentation and information submitted, shall be undertaken by DMBD. If you should need assistance in locating MBE/WBE/VBE firms for possible participation in a contract, please contact DMBD <http://www.indy.gov/eGov/City/DMBD/Pages/DMWBDHome.aspx> or (317) 327-5262. Respondents can view a list of City DMBD approved MBE/WBE/VBE contractors by going to this web page: <http://www.indy.gov/eGov/City/DMBD/MBE-WBE/Pages/ContractorList.aspx> and clicking on the appropriate “vendor list”.
- 9.3 The Contractor shall maintain adequate records of all relevant data with respect to the utilization and attempted utilization of MBEs, WBEs, and VBEs and shall provide full access to these records to DMBD upon its request to inspect them. The City may require the Contractor to submit information in addition to the MBE/WBE/VBE Participation Plan and/or Application for MBE/WBE/VBE Program Waiver regarding MBE/WBE/VBE certification and utilization. Such information may include, but is not limited to the following: (1) Copies of all executed agreements for each MBE/WBE/VBE engaged to satisfy the participation policies, (2) the name and address of the MBE/WBE/VBE, (3) the scope of work to be performed, (4) the dollar value of work to be performed or furnished by each proposed MBE/WBE/VBE subcontractor or MBE/WBE/VBE joint venture partner, (5) acknowledgement and acceptance of the agreement by the MBE/WBE/VBE, and (6) monthly utilization payment reports with each monthly application for payment.
- 9.4 While direct participation of MBE/WBE/VBE subcontractors is preferred, if it cannot be accomplished for this contract, “indirect participation” may be acceptable. Examples of indirect participation might include the use of common MBE/WBE/VBE suppliers (i.e., office suppliers, courier services, shipping services, etc.) contributing to overhead costs or the overall operation of the business. Indirect participation may occur at the local, regional or national level. (Note: For

common suppliers located outside of Indiana that are participating in an indirect fashion, please return proof of home state or municipal certification to DMBD.) If the trade is an overhead item for the entire business, please calculate, to the best of your ability, the proportion or amount of the business from this contract that will impact MBE/WBE/VBEs.

- 9.5 Any contractor that does not have MBE/WBE/VBE direct participation shall submit the attached Application for MBE/WBE/VBE Program Waiver with the reasons for the lack of participation. The Waiver requires submission of documents showing the good faith efforts that were made by the Contractor for the purpose of attaining MBE/WBE/VBE firms as subcontractors or sources of supplies, equipment, and services. The Waiver must be submitted if a contractor does not have any direct or indirect MBE/WBE/VBE participation. If a contractor has only indirect participation, then the Waiver must be submitted for the direct participation and the MBE/WBE/VBE Participation Plan must be submitted for the indirect participation.
- 9.6 Failure to provide the MBE/WBE/VBE Participation Plan or Application for Waiver at the time of Bid shall result in the disqualification and rejection of the bid/proposal. The Purchasing Division and the DMBD reserve the right to verify all information included in the MBE/WBE/VBE Participation Plan before making final determination of the contractor's responsiveness and responsibility.

10. LIQUIDATED DAMAGES

- 10.1 The Contract Documents provide for the payment of liquidated damages in the event of unexcused failure by the Contractor to complete the Work within thirty (30) days from Notice to Proceed (Contract Completion Date). Such liquidated damages are to be assessed and recovered at the rate of **\$250.00** per day for each structure that remains undemolished and/or cleared, beyond the Contract Completion Date.
- 10.2 The per diem rate(s) of liquidated damages established by the preceding sub-section have been determined and are intended as reasonable prospective estimate(s) of the type and amount of actual damages which the Owner may sustain in the event of such delay(s). Submission of a Bid shall constitute an unconditional acknowledgment and agreement by the Bidder that such liquidated damages are fair and reasonable and do not and will not constitute a penalty, and that such liquidated damages may be assessed and recovered by the Owner as against the successful Bidder/Contractor and its Surety in lieu of actual damages for delayed completion.

11. CHANGE ORDERS

- 11.1 During the course of the Work, should the Owner or Bidder determine that additional work which was foreseeable is required; such work shall not be automatically awarded through change orders. However, the Owner reserves the right to award additional work which was foreseeable to the original Bidder where doing so is in the best interest of the Owner. All such awards are and will remain subject to necessary approvals.

CITY OF INDIANAPOLIS
EQUAL OPPORTUNITY COMPLIANCE

PART I

Bidders participating in contractual or purchasing opportunities offered by the Consolidated City of Indianapolis are subject to compliance with the provisions of Ordinance 581-101 and Executive Order #1, Mayor of Indianapolis, February 27, 1987. Filing of Attachment A and B, which are a part of this form, at the beginning of each calendar year, will relieve the Bidder of the requirement to submit it with each bid, providing the Bidder has complied with Executive Order #1, 1987, and with all Federal, State and City Equal Opportunity provisions. A letter of compliance shall be issued by the City (Department of Minority & Women Business Development DMWBD). The Bidders must attach a copy of such letter, for the current year, to each and every bid. Completion of this form does not service as an Affirmative Action Plan.

“It is the policy of this Administration to strongly encourage efforts to increase opportunities for minority-owned business enterprises and for women-owned business enterprises to do business with the City of Indianapolis; and

“It is the goal of this Administration to achieve significant utilization of minority owned business enterprises in the purchasing of goods and services for the City in at least a dollar amount equal to fifteen percent (15%) of the annual amount spent by the City of Indianapolis for construction, goods and supplies and professional services” ; and

“It is the goal of this Administration to achieve significant utilization of women-owned business enterprises in the purchasing of goods and services for the City in at least a dollar amount equal to eight percent (8%) of the annual amount spent by the City of Indianapolis for construction, goods and supplies and professional services; and

“It is the goal of this Administration to achieve significant utilization of veteran-owned business enterprises in the purchasing of goods and services for the City in at least a dollar amount equal to three percent (3%) of the annual amount spent by the City of Indianapolis for construction, goods and supplies and professional services; and

“The successful implementation of this policy requires the participation and cooperation of all Departments and Divisions of the City of Indianapolis. See Executive Orders #1,1987, #5, 2008, and Municipal Ordinance 581-101.

PART II

The following standards and procedures are hereby created to ensure compliance with the President’s Executive Order #11246 and the Mayor’s Executive Orders #1, 1987 and #5, 2008:

- (1.) Except as provided in (2) of this Part, all contracts, purchase orders, leases and bids awarded by the Purchasing Division of the Controller’s Office in excess of an annual aggregate amount of Twenty Five Thousand Dollars (\$25,000) including but not limited to construction, materials and supplies, services, professional services, concessions and franchises, are required to execute the following covenant:

“Contractor certifies for itself and all its subcontractors compliance with existing laws of the State of Indiana and the United States regarding (a) prohibition of discrimination in employment practices on the basis of race, sex, handicap, religion, national origin, disabled veteran status and United States military service veteran status; and (b) the utilization of Minority and Women Business Enterprises. Contractor further certifies that it (a) has formulated its own Affirmative Action Plan for the recruitment, training and employment of minorities and women, including goals and timetables; and (b) strongly encourages the use of small businesses, minority-owned businesses, women-owned businesses, and veteran-owned business in its operation.”

Signature of Company Official

Title of Official

If the contractor is bidding on a City contract, a copy of this covenant and the contractor’s Affirmative Action Plan must be submitted with the bid package. Any Affirmative Action Plan submitted to the, (DMWBD) must be approved by DMWBD. Failure to comply will result in the bid being non-responsive.

- (2.) Signatories to the Indianapolis Plan may submit documentation of their affiliation with the Indianapolis Plan as their Affirmative Action Plan, provided the Indianapolis Plan includes total workforce analysis and goals and timetables. Those contractors having less than fifteen (15) employees are not required to submit an Affirmative Action Plan to the DMWBD; however, any such contractor must submit an Affirmative Action policy statement, and they may be investigated by the DMWBD to see what commitment, if any, they have made to the goals and principles of Equal Employment Opportunity and Affirmative Action.
- (3.) In addition, all Bidders for contracts funded in whole or in part with federal monies shall fully comply with the United States Department of Labor "Model Federal EEO Bid Condition," as set forth in 41 Federal Register 32482, August 3, 1976, and attached to the invitation to bid, including President's Executive Order #11246, as amended, and all implementing rules and regulations thereunder.
- (4.) Pursuant to IC 5-16-7, each construction project must receive a scale of prevailing wages that must not be less than the common construction wage. All construction contract bids, in addition to the other requirements, must include in their computation such wage information. In addition, any complaints from any source regarding non-compliance in this area should be directed to the DMWBD. The DMWBD is responsible for investigating any report or complaint of non-compliance and has the authority to take any and all action to effectuate compliance with our State statute. If, in the opinion of the DMWBD, the disputes cannot be resolved informally, the information shall be transmitted to the Marion County Prosecutor for further proceedings in enforcing the law, pursuant to I.C. 5-16-7-3.
- (5.) City-County contracts shall include the following provisions for determining non-compliance with the non-discrimination requirements of this order:

Non-Compliance Procedure

After a determination by the Department of Minority & Women Business Development (DMWBD) that the Contractor has failed to comply with the terms of the Mayor's Executive Order #1, 1987; Mayor's Executive Order #5, 2008; President's Executive Order #11246; Revised Code of Indianapolis and Marion County, Chapter 581; or, the applicable wage rate while operating under a City-County contract, or has been adjudged in violation of any applicable State or Federal law, the DMWBD shall service written notice of such non-compliance on the Contractor or his/her representative(s). The Contractor shall be responsible for notifying any subcontractor or supplier who is not in compliance.

Upon request by the DMWBD, the Contractor determined to be in non-compliance shall meet with the Compliance Manager within five (5) working days of the written notice in order to determine a method of correcting the deficiencies and the time period within which such remedy shall be effected. If the remedy is not agreed upon within five (5) working days of the required notice, the Compliance Manager shall prescribe the remedy by which deficiencies shall be corrected and notify the Contractor in writing of such determination. If the contractor does not correct the deficiencies in the manner prescribed by the DMWBD within thirty (30) calendar days, the City may impose one or more of the following sanctions.

- a. Cancel, terminate, suspend, or cause to be cancelled, terminated, or suspended, any contract, or any portion or portions thereof, including but not limited to withholding any progress payment or any other monies payable or due under the contract, for failure of the Contractor or subcontractor to comply with the provision of these Executive Orders.
- b. Reserve the right to review further contracts, or extensions or other modifications of existing contracts, with any non-complying Contractor to ascertain whether or not the Contractor has satisfied the standards and procedures as established by the DMWBD; and, that the Contractor has established and will implement personnel and employment policies that comply with the provisions of these Executive Orders and requirements.
- c. Placement on a list of contractors and vendors who have failed to comply (determined in accordance with the non-compliance procedure prescribed by the utilization plan) with the equal opportunity provisions of City contracts and purchasing policies. Contractors and vendors included on this list shall be denied City business opportunities for which bids are not required or solicited, until such time as the contractor or vendor demonstrates the ability to become compliant pursuant to the utilization plan. This list shall be distributed to the Directors of all city Departments and to the Office of the Mayor as prescribed by the utilization plan.

PART III

The City-County will award any contract for public work or improvements to the lowest, responsive Bidder. It is the policy of this Administration to acknowledge the fact that the lowest Bid will not always be a responsible and responsive Bid. In recognition of this fact and in furtherance of the City-County commitment to training, and employment of minorities, women, and veterans the City-County will consider the costs of training and percentage of minority, women, and veterans utilization in its determination of "responsible and responsive."

SC-1 Compliance With E-Verify Program

The following shall be added as paragraph 16.23 of the General Conditions:

- 16.23 Compliance With E-Verify Program. Pursuant to IC 22-5-1.7, CONTRACTOR shall enroll in and verify the work eligibility status of all newly hired employees of CONTRACTOR through the E-Verify Program ("Program"). CONTRACTOR is not required to verify the work eligibility status of all newly hired employees through the Program if the Program no longer exists.
- 16.23.1 CONTRACTOR and its subcontractors shall not knowingly employ or contract with an unauthorized alien or retain an employee or contract with a person that CONTRACTOR or its subcontractor subsequently learns is an unauthorized alien. If CONTRACTOR violates this Section 16.23, OWNER shall require CONTRACTOR to remedy the violation not later than thirty (30) days after OWNER notifies CONTRACTOR. If CONTRACTOR fails to remedy the violation within the thirty (30) period, OWNER shall terminate the contract for breach of contract. If OWNER terminates the contract, CONTRACTOR shall, in addition to any other contractual remedies, be liable to OWNER for actual damages. There is a rebuttable presumption that CONTRACTOR did not knowingly employ an unauthorized alien if CONTRACTOR verified the work eligibility status of the employee through the Program.
- 16.23.2 If CONTRACTOR employs or contracts with an unauthorized alien but OWNER determines that terminating the contract would be detrimental to the public interest or public property, OWNER may allow the contract to remain in effect until OWNER procures a new contractor.
- 16.23.3 CONTRACTOR shall, prior to performing any work, require each subcontractor to certify to CONTRACTOR that the subcontractor does not knowingly employ or contract with an unauthorized alien and has enrolled in the Program. Contractor shall maintain on file a certification from each subcontractor throughout the duration of the Project. If CONTRACTOR determines that a subcontractor is in violation of this Section 16.23, CONTRACTOR may terminate its contract with the subcontractor for such violation. Sanitary District Standards, Sections 401.08 - .09

401.08
Abandoning
Sanitary Sewer
Facilities

Sanitary Sewer Facilities shall be abandoned as follows:

1. Combined Sewers, Sanitary Sewers, and Force Mains

Combined sewers, sanitary sewers, or force mains to be abandoned shall be bulkheaded with mortar and an eight (8) inch thick concrete brick wall. The facility being abandoned shall be filled with sand or cellular concrete and plugged, unless an alternate plan is approved by the Division or Department.

Service shall be maintained within sanitary and combined sewers until the Division orders bulkheads placed.

No timber bulkheads shall be allowed.

2. Laterals

Numerous existing buildings use common or shared laterals. The Contractor shall determine if the lateral is common/shared prior to construction.

The requirements to abandon laterals, shown in Figure 400.04, are as follows:

a. If the lateral serves one building and is NOT part of a common/shared lateral:

The end of the lateral shall be sealed with a manufactured watertight cap/stopper made specifically for the purpose of sealing/capping the end of a sanitary sewer. The cap/stopper shall be installed per manufacturer's recommendation and in such a way to prevent any source of water from entering the sanitary sewer system. Any device or material that may slide into the lateral and potentially cause a blockage or obstruction in the mainline sewer will not be allowed.

The cap/stopper shall be installed on a defect free portion of the lateral at the right-of-way line on the building side of the street, or at the edge of the sanitary easement if located in the rear yard. If defects are found, the Contractor shall excavate toward the mainline sanitary sewer until an acceptable segment of lateral is found.

At the cap/stopper, a one-half (1/2) inch cast iron locator rod or magnetic locator tape shall be installed to within three (3) feet of the ground surface to provide for ease of location of the stub.

b. If the lateral serves more than one building and IS part of a common/shared lateral:

i. If at least one service from the common lateral is intended to remain, the connecting fitting for the laterals shall be removed and replaced with an elbow of sufficient angle to provide a smooth transition between the existing portions of the lateral. Elbow shall be a manufactured fitting and shall be installed per manufacturer's recommendation to assure a watertight seal.

ii. If all services from the common lateral are to be abandoned, requirements per Section 401.08.2.a shall apply.

When connections are made between non-similar pipe materials, a non-shear flexible coupling shall be used such as manufactured by Mission, Femco, or approved equal.

Bedding and backfill requirements for abandoning any lateral shall be per Section 401.06.

The portions of the structure which are abandoned and left in place shall have holes drilled in a sufficient number to allow groundwater to enter and exit. The structure shall be backfilled with sand or B-Borrow and compacted to 95% Standard Proctor Dry Density. The Division or Department may modify the requirements if deemed necessary.

All existing pipe, equipment, or any other material is the property of the City of Indianapolis. The determination will be at the sole discretion of the Department. Embankment
Installations

For embankment installations, a minimum width of properly compacted bedding and backfill material is required to ensure that adequate stiffness of the pipe envelope is developed.

The Engineer shall determine the minimum embedment width, utilizing those bedding and backfill materials specified herein, in full conformance with those minimum standards set forth by the American Association for State Highway and Transportation Officials Standard Specifications for Highway Bridges, latest revision. Such factors as pipe stiffness, embedment stiffness, nature of in-situ soil, and anticipated construction and service loading shall be evaluated.
